

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 2003 - 0072

APPROVING AN AMENDMENT TO THE WATER QUALITY
CONTROL PLAN FOR THE LOS ANGELES REGION INCORPORATING
A TOTAL MAXIMUM DAILY LOAD FOR BACTERIA AT
MARINA DEL REY HARBOR MOTHERS' BEACH AND BACK BASINS

WHEREAS:

1. The Los Angeles Regional Water Quality Control Board (Regional Board) adopted a revised Basin Plan for the Los Angeles region on June 13, 1994 which was approved by the State Water Resources Control Board (SWRCB) on November 17, 1994 and by the Office of Administrative Law (OAL) on February 23, 1995.
2. On August 7, 2003, the Regional Board adopted Resolution No. 2003-012 ([Attachment](#)) amending the Basin Plan to incorporate a Total Maximum Daily Load (TMDL) for bacteria at Marina del Rey Harbor Mothers' Beach and Back Basins.
3. Regional Board staff prepared documents and followed procedures satisfying environmental documentation requirements in accordance with the California Environmental Quality Act and other State laws and regulations.
4. The Regional Board found that the additions of this amendment would result in no adverse effect on wildlife, and the amendment would be consistent with the State Antidegradation Policy (SWRCB Resolution No. 68-16) and federal antidegradation requirements.
5. A Basin Plan amendment does not become effective until approved by SWRCB and until the regulatory provisions are approved by OAL and the TMDL approved by the U.S. Environmental Protection Agency (USEPA).

THEREFORE BE IT RESOLVED THAT THE SWRCB:

1. Approves the amendment to the Regional Board Basin Plan to incorporate a TMDL for bacteria at Marina del Rey Harbor Mothers' Beach and Back Basins as approved in Regional Board Resolution No. 2003-012; and
2. Authorizes the Executive Director or designee to transmit the amendment and administrative record for this action to OAL and the TMDL to USEPA for approval.

CERTIFICATION

The undersigned, Clerk to the Board, does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on November 19, 2003.

Debbie Irvin
Clerk to the Board
